What if your power had the opposite effect? What if your power gave you a purpose: to protect the world from darkness? For starters, maybe you'd spend a little less time worrying about that one awkward phone call with your crush. Or maybe you'd give up on the lazy after-school activities and go to the one club you never got into. Not necessarily because you'd be so busy saving the world that you'd be super busy with it, but because you'd be saving the world! A power like that should be a lot of fun! That's the premise behind Energy Balance, a free visual novel for PC that tells an engaging and uplifting story about a teenage girl named Annie who lives in a world

where nothing quite makes sense. Even though Annie's power makes her the greatest hero in the land, she needs help from her friends in order to control it and prevent it from causing death and destruction. It's just a normal day until her "Annie Spell" goes out of control, and all of a sudden, Annie is the most powerful superhero in the world and saving the day is her full-time job.

Gameplay – 9/10 When it comes to a visual novel like Energy Balance, it's nice to have something on the lines of a clicker or a point-and-click adventure. In order to complete quests, you need to click on the right button and use the directional keys to move the character. The main problem here is that the game doesn't really have enough space. The home page of Energy Balance has a maximum of eight actions before the page unloads, which can make it difficult to navigate the various elements of the game, especially because you need to read many texts and use the options screen to progress. The game also gives you a limited number of control symbols, with only five slots for walking and jumping being pre-assigned, so you'll have to navigate through them to come up with combinations that work for your character. Even though Energy Balance is a visual novel, it gives you the option to pause the game at any time by

pressing the spacebar. This is your main menu and you can do practically anything you want in here. Besides playing the game, you can also skip events and use the text filter to change the font or the color and background of the text, among many other things. Visuals – 8/10 Energy Balance

Truth, and the Truth Shall Make You Free (John 8:32) “And ye shall know the truth, and the truth shall make you free.” John 8:32 Perhaps you have never really considered the true and eternal significance of truth. Perhaps you have been told many different things about God, truth, and our relationship with God. After all, much of the world has seen Jesus as a liar, a deceiver, and even a little bit crazy, and many have turned away from Him in disgust. Jesus said that He was the truth, and we know that He is the only truth, the way, and the life. He is the door that can give us life, and that means we must have life. Jesus is also the way that leads to the Father, for He is our mediator. Our God is the God of truth and the truth, and He is the living and everlasting truth. The Bible has been called the very “Word of God”, or “the Word of truth”. For what purpose?

Because truth will make us free! We are the children of God. The Word of God tells us that when He says that He is our God, then we must know that truth. If you think about it, then there is no more real, whole, and genuine God, then the God of the Bible. He is the one who has sent Jesus, and He has sent us into the world to teach others and give them life. And you and I are obligated to do this. All people, all nations, all races, all ages,

all classes, all education levels, and all genders are called to the one and only true God. We are to live lives that are truth-centered and truth-led. It is impossible to deny that truth is very important in our world today. Our existence and our lives have become so touched by the deceptions of the enemy. He has so misled us with the lies and untruths of the world.

What's new in Fantasy Grounds - Pathfinder RPG - Wrath Of The Righteous AP 3: Demon's Heresy:

by J.C. Boyd vii The word by which our Creator called the person that was everafter named Jesus, is anointed; for it means oil. That oil which was anointing him and which should not be left without in his bi-wraiths, and which would, no doubt, be left there, that anointing is called Reuvatiza. This is therefore a proper name, and the Greek Gk. σϋβανος, the name of anointing, or which is signified in the New Testament by Latin, unction. Jesus is anointed with the name of heaven; Christ is anointed with the name of earth; Jesus is anointed with his flesh, Christ with his soul. So too, Christ is anointed with that name of the Father which we sometimes find in the authority that he exercised over his disciples, as in Luke xxiv, 34, "The Father and I in me, and I in the Father." There were eight persons in the Trinity; not, therefore, four, but eight different unctions of the glory of the living ever-present God. So in Exo. xxxiii. 27, the rock is anointed; in Num. xxi. 6, the cloud is anointed; and so in holy Scripture writers without end. Christ, the Gk. Christos, is not anointed by the name of heaven and earth both; but with the names of heaven and earth, with which he is anointed, for it is not to be looked upon as a property of the name that is found in Rom. iii. 28, "without image, without personal substance of

bread, without liquor, without water, without God." The name of heaven is no longer a property of the person. But the Christian church here and in all times has looked upon it as such; and ever, in all her writings, has the Holy Spirit testified that it is so. Job xli. 22, 23, clearly shows that the Father and Son, and the Holy Spirit are not only created; but throughout all their lives, and even from that time to this day, they have been the object of the worship of the church. And it may be said with very great justice, that it is not
