The SHS is composed of the top 5\% of students in each major and all students who have been recommended by the faculty for membership in the Society by the end of the last year of their freshman year. There are no application fees to join the Society. For more information about the SHS and how to obtain information, visit the SHS page. Interested in the SHS?You must be in good standing, either in good academic standing or declared on probation, to be eligible for membership in the Society. Visit the "Commencement Programs" page to see if you are eligible for graduation.Effect of pH on phytate-phytase reactions at seed germination and during plant growth. The effect of pH on phytate-phytase reactions was investigated during seed germination and plant growth. In our experiments the optimum pH of in-vitro phytase activity was found to be similar to the optimum pH of the phytase in the seed extracts. In-vitro phytase, like the seed extracts, was inhibited by higher pH. The optimum pH of phytate degradation by phytase in a given environment is the pH that maintains the reaction product, phosphate, in a free form for the enzyme to act

View Full Caption DNAinfo/Quinn Ford GARFIELD PARK - A 45-year-old man was shot and wounded in Garfield Park on
the West Side Monday morning, police said. The victim was in a vehicle in the 400 block of West 75th Street about 6:40 a.m. when someone inside another vehicle opened fire, police said. The shooter fled the scene and the victim's vehicle continued on 75th Street, police said. It was later found in the 3000 block of West Superior Street and the driver was taken in fair condition to Stroger Hospital in critical condition, police said. Garfield Park Police said the shooting was gang-related, but the victim was not a gang member. For more neighborhood news, listen to DNAinfo Radio here:PM: ‘Birds of a feather flock together' Prime Minister Mahinda Rajapaksa has warned that there is a powerful force of bad elements at work in the country, and they are moving about freely without any interference. "We must curb those who try to move in the country through connivance of elements, with the support of foreign elements," he said. "Our political police, district and police commissioners must make sure such things don't happen," he added. He made the statement yesterday after visiting the Government Peace Building Center (GPC) at Thalatha, an area in Colombo Fort, controlled by the Sri Lanka Army (SLA). "I am astonished to see the large scale gated buildings and facilities. It is evidence of the deep pocket of the people who openly support security forces and army who have caused much damage to the country," he said. On the people he was speaking about, the Prime Minister said that they could be young or old, educated or illiterate, but all were bought by the same foreign elements. "They all want to make a living through crime in our country. The government and police must protect
