Master the Hollow Area of Aincrad, a dangerous city from the video game "Sword Art Online"! "The Hollow Area" is a space above the 100th floor of Aincrad. It is where the ultimate confrontation against the most powerful Nerve Gear will be taken place... --- FOLLOW US ON SOCIAL MEDIA: Facebook: Twitter: In Sword Art Online: Alicization, the lengthy gap

between the anime and games rehash of the original will be closing. Reki Kawahara (Sword Art Online, Fate) is celebrating the new video game release with a new ending to the original anime. An extravagant party will soon be underway for Kirito and his friends. But when a mysterious young man begins to murder the participants and toss them into the slumbering eyes of the Reapers, a party of heroes soon find themselves fighting for their lives and to protect the future. Who will live to remember the future after the cataclysm? On the PlayStation®4, PlayStation®3, and PS Vita, the official Sword Art Online: Hollow Fragment (SAOHF) game for the first time enables the players to play in real time with their own choices. Through the use of the DualShock4's touch pad, players are able to use weapons, items, summons, or other action commands in real time. Not only that, but players can actually see the reaction of their companions as they are summoned! Also included on the PlayStation®4 version of Sword Art Online: The Beginning, players will now be able to hear and communicate with their companions over Wi-Fi, with the included online play system. With the official SAOHF game, prepare to dive back into the world of Aincrad in an all-new way, by experiencing the action of the game in real time! This is the first time a Sword Art Online video game has allowed players to make quick, real-time decisions that effect the outcome of battle. The official Sword Art Online Hollow Fragment & Re:Incarnation on PlayStation®4 game also has an exclusive feature that allows players to enter the battle theme through the title screen of the game. By doing so, the players can experience the Sword Art Online mood and atmosphere, while they partake in this new title. Also, Sword Art Online The Beginning launches d41b202975

What's new in Sword Art Online Re: Hollow Fragment:

(hereinafter referred to as "the game") is an action RPG and a sequel to Sword Art Online, released by Bandai Namco Entertainment on 20 February 2015 for the PlayStation Vita in Japan. The game uses data from the original Sword Art Online game, as well as Bandai Namco's fantasy series, Fate/EXTELLA: The Umbral Star. Re:Generations is set two years after the Silica Incident, taking place two years into the future. The girls "bond" with a new protagonist called "Zero," a duodenary person. They then utilize the function of the Fullbringers. This article intends to provide a guide (full) on how to do the Re:Generation story using the Ace 2 system. (Note: You must install the Ace2 application on your device so that the virtual items/points will be usable.) The story A young boy of 15 years old named Zero discovers the reality that the power of the Fullbringers exists, and Alice from the future taught him how to use it. He then starts his own journey, and follows Alice to the world that is supposed to hold the power of the Fullbringers. Materials You Need The following information and items will be needed. Ace2 Ace2 is the application mentioned in the previous section. DVD (Sword Art Online: Hollow Fragment (original game)) Set this DVD in "transfer mode" in the menu below. In addition to the main game, the sequel titled Re:Generations (Sword Art Online: Fatal Bullet) is available.
