Summarizer is a modern innovative tool designed to summarize any text, hyperlink, or e-mail message. If you read documents a lot or spend hours on the Internet searching for information, you will find Summarizer very helpful. In addition to being a time-saving

tool, Summarizer can save your time and find valuable information you did not know you were looking for. The application supports English and a number of other languages. Summarizer's result is a quick overview of the information in the original document, an easily understandable guide for your work. If you are in doubt about the information presented in a document, or you simply want to understand what is important in it, you can get an

overview of the key concepts and important terms in the text in no time. Summarizer can also shorten the length of a text because it can extract short phrases or sentences from the text that summarize what is important for you to know. Summarizer's innovative features make it one of the most valuable tools you will ever find in your computer: • Summarizer is fast, easy to use. It has a very simple, intuitive interface. • Summarizer is universal - it

supports all languages. • Summarizer has the concept tree tool which shows you all important concepts and important terms. • Summarizer has the History tool which stores summaries you created - you will be able to retrieve them at any time. • Summarizer is 100% portable - you can use it on all platforms. Summarizer's approach to summarization is different from other applications you have used before: • Summarizer is not a static tool. You can save your

work - now you will be able to review it anytime and get a more detailed view of the text.

- Summarizer is not a list of the most important words in the text - it is a unique concept tree showing you important concepts and important terms in the text.
- Summarizer is not an application that searches for the most important words in a document - it is a tool that shows you what the most important concepts are.

Summarizer has many other interesting features: •

Summarizer is an innovative and unique application - you will not find anything like it in your computer. • Summarizer is easy to use, intuitive and accurate. • Summarizer is fast and saves your time. • Summarizer has a wide variety of other features, such as:
